

CERTIFICATO DI AUTENTICITÀ

CARLSON & NEUMANN - CREMONA SNC - VIA ROBOLOTTI 14/16 - 26100 CREMONA - ITALIA

Cremona, 8 January 2026

We certify that the violin, illustrated on the reverse side of this document, was made, in our judgement, by Giulio Degani in Venice as indicated by the original label it bears dated 21 February 1914. The maker has signed his name along the lower margin. He has pressed his signature brand stamp into the lower ribs below the end button.

Description:

The back is of two pieces of figured maple, cut on the quarter, that show a flame pattern of a variable width ascending from the center joint. The maple ribs and scroll are similar to the wood of the back. The belly consists of two symmetric pieces of spruce with an annual ring spacing of a variable width. A small original repair is visible in the lower wing of the bass sound-hole, in all probability to eliminate a small sap mark or resin pocket. The varnish is of a rich reddish-brown color over a golden yellow ground coat. This violin is a fully representative example of the work of Giulio Degani for the period.
